Hastings Police Department Enforcement Results Released

January 7th 2008

The Hastings Police Department, funded through a grant provided by the Nebraska Office Of Highway Safety, conducted special enforcement efforts during the month of December 2007.

During this special enforcement effort, saturation patrols were conducted and resulted in 200 people being contacted by officers as a result of traffic violations. As a result of these contacts, thirteen people were arrested for driving under the influence of alcohol, six people were cited for driving under suspension, and seven people were contacted for narcotics violations. Additionally, 91 warning citations and 109 citations were issued.

109 hours of overtime were used over a 13-day period. Funds totaling up to \$9,360 were provided through a Nebraska Office Of Highway Safety grant. These special enforcement events are conducted periodically throughout each year and routinely yield similar results.
